

I am reaching out today to let you know that a member of our Lebanon Transit family has tested positive for COVID-19. This individual is a Lebanon Transit Fixed Route Operator and is currently self-isolating at home in accordance with the guidelines established by the PA State Health Department and the U.S. Centers for Disease Control (CDC).

As always, our customers safety is of the utmost importance!! Lebanon Transit will continue all sanitation and safety protocols as advised by the PA State Department of Health and CDC. We will continue to look for ways to provide added safety measures.

Our employees continue to wear masks, practice social distancing, monitor their temperature and report any health changes immediately.

Lebanon Transit advises any customer who has concerns about the potential exposure to follow the CDC Guidelines and self-monitor for symptoms.

Sincerely,

Theresa Giurintano, Executive Director

Lebanon Transit
